## President's Corner

Well the summer flying season is really cooking; yes.... pun intended (it's 98 degrees and humid today). I really intended to get lots of flying in this summer; I'm a teacher and have nothing to do all summer... right? Well between being taxi driver for the kids and stay-at-home dad the rest of the time flying has really taken a back seat. Hopefully when the heat breaks you'll see me at the field soon.

On to better things... The club picnic was a success. Eric unloaded lots of great stuff at great prices. I grabbed a YS 1.20 for that 100" cub I've been dreaming of. The weather was great aside from a light breeze and I spent most of the day at the field. Ed and Dot did a fantastic job of keeping us all fed; make sure you thank them. Ed also organized a "secret" spot-landing event, which Eric Henderson managed to win using his years of pattern experience to draw from. All-in-all a very relaxing day at the field and one of the more memorable days this season.

I managed to miss the last two meetings due to family events and Harry graciously filled in for me. So I don't have much more for this month. Our next meeting is August 1<sup>st</sup> (my birthday) at the field; we'll resume at the Mt. Laurel Library in September. If you have any ideas that you want shared at the meeting but you can't attend feel free to email me at [theenglefamily@hotmail.com](mailto:theenglefamily@hotmail.com) and I'll bring your ideas up.

# PINE BARONS FUN FLY JULY 28th

**OUR LAST FUN FLY WORKED OUT SO WELL, WE DECIDED TO HAVE ANOTHER. Same format as before with HOT DOGS & HAMBERGERS, MARK YOUR CALANDER.**

## PINE BARONS R/C LIBRARY DISPLAY

Bill McBride has put a display of R/C model airplanes at the Burlington County Library in the display window. (see page 4 for some pictures) The models will be on display for the month of July. The pictures do not do the display justice, you've got to see it to really appreciate all the work that went into the display. Each model has a note describing the history about each plane. Most all of the models belong to Bill, except for the Tiger Moth that belongs to Harry Minnier.

**DO NOT LEAVE ANY TRASH AT THE FIELD. WE DO NOT HAVE ANY TRASH PICK UP AT THE FIELD, PLEASE TAKE IT HOME.**

## WHAT'S HAPPENING AT THE FIELD
