The present slate of officers were re-
elected to another one year term.

President	George Engle

2nd Vice pres	Luke Kocibua
Treasurer	Jerry Gayster
Secretary	Tony Gallo

NEW BUSINESS: The Hobby Shop on
the Lumberton Bypass has offered to let
us hold our monthly meetings there, but
we declined, as the majority of members
preferred the MT LAUREL LIBRARY
and we have paid a small fee for the year
2008.

CLUB SHIRTS: When we had no results all summer getting our shirts, we decided to cancel the order. HARRY MINNIER has found a new source and we have received and approved the new digitized Club Logo. We now have a standing order for 21 shirts, and at our meeting tonight we have approved the addition of 4 more shirts two for members and two to be used as raffles in the future. It was also approved for the club to pick up the cost of the shirts for the following members who have done outstanding work for the club. They are: Tom Perkins for Lawn and Tractor Maintenance, Harry Minnier our Newsletter Publisher, Ed Milburn our Cook, Tony Gallo our Secretary, and Jerry Gayster our Treasurer. The President George Engle declined the offer.

CLUB POLO SHIRTS WITH LOGO:

Cost for the club shirts will be about \$30.00. This is for a white Polo Shirt with a collar and a pocket. An embroidered logo on the right hand side and your name above the pocket. We are looking into the cost of new orders for shirts and possibly a light jacket.

FROSTY FINGER FUN FLY:

New Years Day

Our Frosty Finger Fun Fly is again scheduled for News Years Day. Things should get started about 10 AM rain, snow, or shine. Our Chief Cook, Ed Milburn, has promised to be cooking up some Hot Dogs, and depending on the turn out we will have some prizes and a raffle.

Start the New Year out with some RC Flying and some club fun. The trailer will have heat.

FIELD REPAIRS:

The lock for our gate was stolen, so, TOM PERKINS has installed a new one. The new lock has the same club combination.

The 50 MPH wind has removed the canvas over both the picnic & main areas, the canvas will not be replaced until spring.

Meeting adjourned: 7:50 PM

H. Minnier

President's Corner

Well another year is about to make a low pass down the runway. The only flying I've done in the past two months was a little foamy hovering in my backyard; boy it felt good! The days are too short for after-work flying, even for a teacher, and my weekends are filled with kids basketball and lacrosse. Let's hope for a reprieve from all this cold, windy, weather and finish the season with some great flying during the holidays. Maybe we'll have a sunny and calm New Year's Day for our annual frosty-finger fun fly; fat chance! If the weather doesn't cooperate this winter (as it usually doesn't) I have a couple of projects on the table which have been in a state of suspended animation for the past 4 months. We always have the WRAM show and indoor flying to help winter pass. When spring does finally come we all get to see those new planes rolling out of the hangers. Hopefully I'll see you before then! Happy Holidays!

Don't forget to renew early and get \$5 off your membership!

WHAT'S HAPPENING AT THE FIELD

(As the editor - Electricarry sees it.)

Scott Bonomo's New Jet

You would be smiling too if you had this one. What a great flying plane, looks great, flies great, fast, yet slows down nicely for landing.

**Merry Christmas and
Happy New Year**
